AIR PISTOL P 8X

THE TRENDSETTER IN MATCH AIR PISTOLS.

Feinwerkbau makes no compromises with the P 8X model series. The sighting line lies deep in the shooter's hand and the versatile adjustment options leave nothing to be desired. Optimum conditions for the best results in the air pistol discipline.

CONVINCING PRODUCT FEATURES:

- Absorber with patented operating principle.
- The position of the 3-D shaped grip can be adjusted from the outside via set screws without having to dismount the grip from the pistol. The highlight: When changing the grip, the settings are preserved in the grip!
- The maintenance-free pressure reducer ensures exceptional behavior in the shot!
- The P8X model series convinces with exceptionally precise groupings.
- The precision rear sight allows for cant compensation and the rear sight width can be continuously adjusted in width.
